

## Part 1: Refinement to Project Charter

I had to speak with my I.T manager to see what the requirements for me to get an entry level to a web developer after my internship. I had to learn and practice more with HTML, CSS, and JavaScript so I could be more proficient. I do this by watching and practice HTML Essential training in LinkedIn Learning, HTML, CSS, and JavaScript: Building the Web and Advance Skills in HTML. I also bought a few books about HTML, CSS, and JavaScript from Amazon to learn more about the topics.

## Part 2: Weekly Status Report (within the Project Charter URL)
